EXECUTIVE SUMMARY

Objective & Underlying Issues

PROJECT OBJECTIVE

Identify digital platforms and content formats that will expand Rue Productions' audience beyond the festival circuit into an "adjacent" general public, without compromising non-mainstream artistic integrity.

IDENTIFIED UNDERLYING ISSUES

No Top-of-Funnel Visibility

Relying on a Vimeo paywall prevents discovery. Audiences won't pay for unknown creators ¹

Format Mismatch

Long-form films ignore modern habits. Short, shareable clips are needed to build initial connections ²

Conceptual vs. Technical

Digital fans like the tech; festival fans like the concept. Currently no marketing bridge exists.

The Retention Void

Lack of community infrastructure to cultivate viewer loyalty or long-term brand reputation.

Decision Criteria & Methodology

RECOMMENDATION DECISION CRITERIA

Artistic Integrity & Brand Values

Maintain non-mainstream integrity and stay aligned to core values of Rue Productions.

Feasibility & Resource Constraints

Executable with the existing small team and infrastructure, leveraging existing assets.

Scalability & Sustainability

Support long-term audience growth and transition to continuous brand engagement.

Cost Benefit Efficiency

High impact at a low cost; prioritizing digital distribution and partnerships rather than large scale advertising or new production systems.

METHODOLOGY

1

Internal/External Audit

Deployed 5 C's Framework (Company, Competitors, Customers, Collaborators, Climate) to develop key insights on the internal and external environment, and underlying issues

2

Strategy Design

Defined an overall strategy to address the underlying issues and project objective, while defining and researching suitable target audiences

3

Social Media and Streaming Platform Research

Further analyzed social media trends, successful content in the industry, and assessed suitable streaming platforms

4

Execution Strategy

Put together a feasible plan for the implementation of marketing; using the identified streaming platforms and content formats on social media

Recommendation Summary

01

Drive Awareness

Drive customers in via Social Media platforms, utilizing available marketing tools and collaborations to increase discovery/reach.

02

Build Interest

Gain interest in films through short-form content, targeted to specific audiences. Offer older films on free platforms to increase discovery and give audiences a “trial”.

03

Niche Stream

Apply newer films to niche streaming platforms once audiences are engaged and interested, to increase accessibility and attract existing audiences within those platforms

04

Stay Connected

Retain audiences and keep them engaged via social media, email lists, and a “Support the Creator” fund.

COMPANY & MARKET ANALYSIS

Strengths & Threats

STRENGTHS

- Innovative technology unique in the industry
 - **rueBot**
- Internationally acclaimed films with worldwide reach
- Content offers something different from mainstream studios

Key Insights

- Spotlight tech to differentiate the brand
- Use festivals to maintain visibility and credibility
- Innovative storytelling to grow a niche fanbase

THREATS

- Limited distribution and underutilized digital channels
- Exposure concentrated in niche spaces (festivals)
- Website navigation and static pages increase bounce rates

Key Insights

- Engage audiences via Social Media (**Instagram, TikTok**)
- Fix navigation and dynamic content to retain audience

Customers & Competitors

CUSTOMERS

- Portion of the audience comes from regions where LGBTQ+ topics are more **restricted**
- Another portion is festival-goers, curious thinkers, and members of artistic communities
 - **B2C** - International art-house, experimental, and LGBTQ+ film viewers
- As well as educational institutions
 - **B2B** - schools, colleges, universities

Key Insights

- **Utilizing festival, social media, and streaming**
- Hybrid strategy can make content accessible to international audiences while still engaging the core fanbase .

COMPETITORS

- **Laika and Aardman** use TikTok to turn production into a **Confidence-Building Layer**, bridging the trust gap before asking for a purchase ³
- Most viral content focuses on the **craft and innovation** (e.g., puppet creation) ⁴
- By providing free, "always-on" access to the studio's personality, they convert passive scrollers into invested fans who feel a **parasocial connection** to the work ⁵
- They treat social platforms not just as marketing, but as a **primary connection point** that respects the fact that 80% of younger audiences now discover "IRL" content via short-form reels ⁶

Key Insights

- Opportunity to leverage social media to highlight not just films, but the creative process, building stronger connections with viewers
- Shift to Short Form Content for **Discovery**

Collaborators & Climate

COLLABORATORS

- **Funding:** Canada Council, BC Arts Council, NFB
- **Infrastructure:** Emily Carr University, Intersections Digital Studios
- **Engineering:** Industrial suppliers + independent machinists
- **Creative:** Composers, licensing agencies, interns
- **Distribution:** Vimeo On Demand + film festivals

Key Insights

- Heavy reliance on **public funding & institutions**
- Collaborative, multi-disciplinary model
- Custom tech requires specialized partners

CLIMATE

- **Funding shifts** (In 2025/2026, CCA boost ⁷ NFB cuts ⁸)
- **CanCon quotas** support Canadian creators ⁹
- AI & Unreal Engine **disrupting** the animation industry ¹⁰
- Inflation raising **production costs** in Canada; population is spending less on non-essentials ¹¹
- Shift to **short-form** & indie creator support ¹²

Key Insights

- **Funding volatility** is a potential risk
- CanCon support is a key structural advantage
- AI = threat + opportunity (premium “**human-made**” positioning)
- Need to adapt to audience **engagement trends**
- **Paywall** should be reconsidered due to inflation

Social Media Research & Insights

Leverage social channels to expand core audience reach, engage new segments, and solidify global brand identity.

KEY AUDIENCE INSIGHTS

Target Demo: 25–34 Years

Primary age demographic for animations with mature themes¹³

North America: Primary market for global stop-motion animation, holding ~38% share in 2024.¹⁴

Country with most Tik Tok users: United States with 136M¹⁵

International Growth: High potential to cultivate an audience in Asia through digital platforms where we already there is an established presence.

Country with most Youtube users: India with 491M¹⁶

Country with most Instagram users: India with 392.5M¹⁷

STRATEGIC ROLE

Low cost promotion that delivers high-impact visibility and direct benefits to Rue Productions.

Optimizes global reach while maintaining complete creative autonomy and brand control in the digital landscape.

Platform Role: Drives discovery, audience interaction, and long-term fan loyalty.

Streaming Platform Research & Insights

Current streaming situation, target audiences, and platform-fit insights

KEY AUDIENCE INSIGHTS

MARKETING STRATEGY

Summary: The Hybrid Marketing Strategy

Adjacent Audiences

Discovery and engagement through social media channels.

Art House / Animation Audiences

Current interested viewers in the indie animation film area.

Primary Channels

Social Media

- TikTok: Best reach
- Instagram: Brand portfolio
- YouTube: Best global reach & free streaming distribution

Niche Streaming Platforms

- Kiplist
- Nobudge
- Nowness

Audience Retention

Podcasts

Substack & Letterboxd

Micro-events

Target Markets for Each Platform

Social Media

- Main demographic is **25-34** age group
- Located globally (Strong focus: US + India)
- Interested in: Animation/Film process, Engineering + Creative tech (RUEbot), Short form content
- Goal: Attract adjacent audience (not just film lovers and retain a brand portfolio for audience discovery and retention)

Streaming Platforms

B2C:

- Art house/Experimental film viewers
- LGBTQ+ Audiences
- International

B2B:

- Universities, professors, libraries
- Film/Media/Queer studies programs

Social Media Platforms

Platform	What to Post	Why
TikTok	• BTS (RueBot, Animation Process) • 5-30 sec clips • “How this was made”	• High engagement and algorithm reach • Strongest 25-34 audience
YouTube	• Shorts → Clips + BTS • Longer videos → Storytelling, Breakdowns	• Global reach (esp India) • Supports both short and long content
Instagram	• Reels (same as TikTok) • Film stills/visuals • Awards + Festival Recognition	• Builds credibility + aesthetic brand • Already existing account

TikTok: Posting Frequency ²⁴

Slight Growth [8–20 posts/month] → Maintains presence without intensive resources. **17% viewer growth**

Ideal for: Established brands focusing on community retention.

Steady Growth [24–40 posts/month] → A strategic cadence designed to build momentum and expand reach. **29% viewer growth**

Ideal for: Businesses seeking sustainable, long-term audience expansion.

Aggressive Growth [44+ posts/month] → Maximizes algorithmic visibility for rapid follower acquisition. **34% viewer growth**

Ideal for: Emerging accounts or brands in competitive niches.

Strategic Recommendation

Adopt a "Steady Growth" strategy to optimize reach and engagement while maintaining sustainable production standards.

Youtube: Posting Frequency ²⁶

Slight Growth [1–3 posts/month] → Provides consistent audience engagement without intensive production requirements. **~10% growth**

Ideal for: Established brands with loyal audience

Steady Growth [4-7 posts/month] → Balances increased visibility with a focus on high-quality content standards. **~14% growth**

Ideal for: Businesses looking for consistent growth. The strategic choice for sustainable momentum.

Aggressive Expansion [12+ posts/month] → Targeted at rapid audience acquisition. **~15% growth**

Ideal for: Newly made accounts or competitive markets.

Strategic Recommendation

Similar to TikTok, prioritizing "Steady Growth" will optimize reach while maintaining sustainable quality.

Instagram: Posting Frequency ²⁷

Slight Growth [12-20 posts/month] → Delivers robust reach gains. *12% increase in new views.*
Ideal for: Already established brands with loyal audience

Steady Growth [24-36 posts/month] → Further enhances growth. *18% increase in new views.*
Ideal for: Businesses looking for consistent growth.

Aggressive Expansion [40+ posts/month] → Highest rates of reach. *24% increase in new views.*
Ideal for: Newly made accounts or brands in very competitive markets.

Strategic Recommendation

Adopting the Slight Growth approach provides a manageable posting schedule while steadily building your audience.

Streaming Platforms

01 KIPLIST ²²

WHAT IS IT:

A globally recognized platform for artistic, fashion-forward, and culturally driven short films

WHY CONSIDER IT:

- Wide international reach
- Free viewing → higher engagement
- Highly selective → boosts credibility
- Accepts existing films

02 NOBUDGE ²³

WHAT IS IT:

A curated indie streaming platform focused on low-budget, experimental, and youth culture films

WHY CONSIDER IT:

- Revenue share (60%) for filmmakers
- Builds community + network through screenings, Q&As
- Accepts existing films

03 NOWNESS ²⁴

WHAT IS IT:

A globally recognized platform for artistic, fashion-forward, and culturally driven short films

WHY CONSIDER IT:

- Strong alignment with target audience and storytelling
- High exposure (200K+ monthly visitors)
- Ideal for showcasing unreleased work

AUDIENCE RETENTION

Audience Retention: The “Always On” Strategy

THE CORE PHILOSOPHY

In 2026, the most successful creators treat the "off-season", the **time between major releases or festival runs**, as their **primary window** for building brand reputation and deep community loyalty.

HIGHER ECONOMIC VALUE OF FANS

Self-identified "super-fans" spend **27% more** on average and dedicate an extra **51 minutes per day** to entertainment compared to casual viewers.²⁵

THE "CINEPHILE" FEEDBACK LOOP

Platforms like Letterboxd encourage "**completism**," where fans are motivated to watch an artist's entire filmography to "fill their stats." Continuous presence ensures long-term visibility.²⁶

SERIALIZED "MARATHON" STORYTELLING

Audiences are fatigued by one-time promotional "sprints." Always-on strategies prioritize "**lore building**"; releasing steady, serialized content that keeps the brand relevant year-round²⁷

POST-MOVIE VALIDATION

Audiences rely heavily on "Topic Consistency". They specifically seek out community reviews to see if other general viewers are talking about the same things they noticed (plot, acting, cinematography)²⁸

Audience Retention: Execution

Podcast Exposure

Record a monthly podcasts focusing on the friction and human effort of your projects. Collaborate with **popular podcast creators** to draw interest and conversion.

Audiences trust "Temporal Proof"; authenticity proven through visible effort to build trust and connection with creators. **67%** of podcast listeners **buy** based on creator recommendations [17], and podcast listening hours have increased **355%** in the past decade ²⁹

Suitable Podcast Collaborators:

- The Directors Podcast (Directors Guild of Canada)
- Let's Not Be Lazy Filmmakers
- Push In - The CineVic Podcast
- Canadian Made
- Adventures in Filmmaking
- Maple Popcorn (Telefilm Canada)

Decentralized Echo (Substack and Letterboxd)

Substack posts that may include process work, open conversation threads, new events and films, personal perspectives or life stories on the film industry, and other personal content.

Audiences crave "Proof of Craft" and raw, humanistic storytelling. Content that makes people *feel* triggers saves and group chat shares. [19] 98% of consumers value authentic media as AI imitation grows. ³⁰

- In 2026, **email remains the highest-ROI** marketing channel. Substack acts as an email list for fans ³¹
- **"Earned Media is the new SEO"**; Being cited in Substack or Reddit ensures visibility in AI search. ³²
- Substack has over **35 million** monthly users; **24%** are 25-34; growing space for community. ³³

Micro-Events

Host digital watch parties, small local meetups to discuss films, or live instagram/Tiktok sessions.

- People are trading "broadcasting for belonging." **75% of attendees** say immersive experiences help them disconnect and engage. ³⁴
- **81%** of Gen Z identify by interests, driving **niche events** (+72% YoY). ³⁵

Expected Results & Success Metrics

EXPECTED RESULTS

- Increased awareness beyond festivals and Vimeo
- Stronger discovery -> viewing funnel
- More international audience growth
- More educational and institutional engagement

KEY SUCCESS METRICS

- **Social Media:** engagement rate, saves and shares, CTR
- **Streaming:** completion rate, full-film views, Kanopy plays
- **Institutional:** educational licence purchases, screening interest
- **Growth:** international audience growth rate

Based on our research, the long-term success of Rue-Productions relies on moving past passive vanity metrics to drive intentional engagement. By prioritizing high-value actions like **content saves and direct shares** over fleeting views, this strategy is designed to transform a transient audience into a **dedicated, highly invested community**. Ultimately, cultivating this genuine fan-base will establish the organic, **word-of-mouth advocacy** required for sustainable growth and long-term relevance.
